“ *Barbra was such a great person. She took me in like a blood grand daughter from day one. She will always have a very special place in my heart! Wish I could've made that last trip to see her. I'll always remember our time in the pea patch. She would give us youngsters a safety pin and a bucket. Every time we filled a bucket she would give a button to put on pin. She was hard on us though. No greens. Purple only. It was like she knew if we would throw green ones in and wouldn't give a button until we replaced them. Then we had to go shell them. Once we were done we would make some money. I always got lucky to eat some later. She was an awesome cook. I know where Karen AKA WU got it from. Loved just sitting at the kitchen table visiting and talking about all our lives. Memories will always be with me. I love you grandma Barbra and hope you have a great time in Heaven. Until we meet again....*
