“ *Claude and I fished for craw fish at the bottom of the road in a muddy pond and would tease Geneva with them. We would go to Bachers Mill pond and use the craw fish for bait with Michael (Billy ) who passed away and on occasion Leon also passed on would also go with us. The four of us had some awesome times and never got into trouble that I can remember. Gladys would cook up the fish and big craw fish that we didn't use for bait and we ate them. Memories of times gone by but not forgotten.  
One day we will all do it again.  
Prayers for your family.*
