“ *Leider habe ich erst heute von seinem Tod erfahren. Vor ein paar Tage versuchte ich mit ihm zu telefonieren, um ihm zu seinem Geburtstag zu gratulieren. Über das Internet und diese Seite wurde ich über seinen Tod informiert. Diddi und ich kannten uns schon viele Jahre noch aus der Zeit, wo wir beide zusammen bei der Deutschen Telekom gearbeitet haben. Er war ein äußerst liebenswerter Kollege, der sein Herz auf dem rechten Fleck hatte. Ich hatte das Glück ihn und Susan in ihrem Heim in Rusk / Texas für ein paar Tage besuchen zu dürfen.*

*Er wird noch viele Jahre in meiner Erinnerung bleiben.*

“ *I have worked with Dietmar the last two years at RSH but have known him for years. He used to shop at my mother's store, J & J Jewelry, where he bought pretty things for his wife Susan. He was always kind and cheerful and willing to help anywhere needed. May God bless and comfort you and give you great memories in the days ahead. Judy Magruder*

“ I am so sorry for your loss. Dietmar was a kind and thoughtful man that I worked with in the clinic for the last 2 yrs that I have been at Rusk State hospital. We miss him at the clinic. Dietmar and I found that we both had a passion for orchids and other plants. He would come by my office and check and see how my orchids were doing. He would give me pointers. We would discuss where we found some good finds on plants and plant care. His plants were his babies at this time of his life. Every time I look at my flowers I think of Dietmar. If I can be of any assistance please do not hesitate to call. 512-431-7425. Many of us have been asking about services. We found out from the funeral home that you are not planning to have services today. Just do not want you all to think we did not care about him. He was part of our family at work which does not compare to your loss. He will be remembered with fondness.
