“ *Harry and I were in the same nursing school in Jacksonville . We later married my mom for a while . He was always smiling and seemed like a great nurse . So sad to hear this and so is my mom . Fly high Harry O .*

“ *Julie and family---for weeks you have been on my mind. I thought it was because of Mark--knowing we lost him in April and it was approaching. But I guess it was because of Bimbo---I am so sorry for this loss--especially to COVID--so cruel it has been to so many. And I know he'd probably not like being called Bimbo--but forever he will be Bimbo to me. Your family and mine were so close growing up--us both calling each other's parents Aunt and Uncle and the Berryhill family will always hold a special place in my heart.*

*Take care of each other--take care of yourself. I know Aunt Lester and Uncle Harry would want that and I know you will always respect their wishes.*

“ *Bimbo was my best friend (and my cousin) growing up. He was either spending the night at my house or I was at his house. We did everything together and can tell you more stories about us fishing, hunting, playing sports, chasing girls, hot rodding around in his 1964 Impala (with baby moon hub caps) or in my Chevelle. He was a good, decent, kind human being. I don't ever re-call him getting mad at anyone. He had the absolute best mom (Lester) in the world also. He loved her so, so much. She treated me like her son and would do anything in the world for anybody. She also made the very best blackberry cobbler I ever had and always made sure she had one for me when I would visit them after we got older. Sending prayers to his wife Debra, sister Julie and all his family.*
