“ *I have a lot of good memories of Fay and Louis I remember them helping my mother and Chuck and I out during some tough times after my Dad left. she was a great help to chuck and I during my mothers battle with cancer. She was a positive influence on me when I made some bad life choices. Yes we all make mistakes , even Fay but she was a living example to all of us that , you can bounce back and be a great influence and share a lot of love with the people around you . Fay I love you and thank you for all the good things you were able to share.*
