“ *Although we were separated by years and miles, he was my cousin and I never stopped loving him. He is my family and when I saw him in the hospital, those years melted away. My memories are full and he will remain in my heart. I know he is rejoicing with my daddy and all our other loved ones welcoming him home and free of pain.*

“ *When I was a little kid, my older brothers were my heroes. I followed them everywhere I could, and always wanted to tag-along when they went somewhere.*

I lost one of my heroes early Thursday morning, when Johnny lost his almost year-long battle with a form of leukemia. So many memories of this boisterous, fun-loving, always entertaining and often outrageous brother of mine flood my mind. From working in the hay fields, driving to Coleman to go hunting and setting land-speed records coming home, to the rounds of golf, to helping put together his kids' Christmas toys, to spending 5 days with him this spring as I prepped to donate stem cells to help him in his fight, to the terrible, awful, heart-breaking news that he had finally lost that fight.

My heart breaks for my brother, Butch, who lost his lifelong buddy; for Kandy, his wife of 45 years and still in love; for his children, who lost not only their father, but a great friend; and for his grandchildren, who lost their beloved Pepaw; and it breaks because I lost a brother, a friend and a hero.

Rest in peace, Johnny, your fight is done, and I pray that God fills the emptiness inside each of us with the good memories and laughter that you brought into our lives as we figure out how to live our lives without you.

“ We always enjoyed being around Mr. Johnny when they would come to visit Ricky and Amy in Texas. He was always smiling and cutting up with people, and the same when we would visit them at their home. He really enjoyed life and doing for others.
We love you all, Carol and Fred Kelsey

“ Johnny and I were only 18 months or so apart. We were more than just brothers. We were best friends. I have too many beautiful memories to list just one.

The daily rounds of golf at Birmingham Golf Club the summer of 1970. Riding our horses, Major and Pete, during Rusk Rodeo season. Riding the creek bottom on horseback with Daddy looking for a lost cow. Feeding the cows during the winter. Baling Daddy's hay. Hauling hay for other folks (one of our first paying jobs) and going to the Lions swimming pool afterwards. Loading watermelons for Mr. Shuptrine every summer. Playing cards in the dorm at Lon Morris. Handing out Daddy's election materials when he ran for sheriff. Swimming at the "boys hole". Even the spankings we got from Mom. We deserved every one.

These are the ones that come immediately to mind. There are many, many more. And I will treasure each and every one until I take my last breath.

My prayers are with the whole family. Although I wasn't very close to Johnny I do know how much he loved his family and how much his family loved him. I know his struggles with his illnesses impacted the family greatly and although this may not be comforting now it may bring some peace in the end. He is free of his sickness and there is no more pain. He is with the lord and getting the rewards he deserves. I know that you will never be the same but know he is still with you all and will continue to watch his loved ones every moment. I pray that god will be with you all now to comfort you in your time of need. I love you all very much. My deepest condolences for your loss. ❤️
