“ Juanita, I will miss u dearly, U were like my second mommy watching me and cindy grow up. I know u are in heaven looking down on all of us and u are no longer suffering and for that i am grateful. This memory is funny.

Juanita would always sit at kitchen table, one day she was expressing something seriously and had a cigarette in her hand she said that's a fact jack as she thumped her ashes of her cigarette in ash tray of course me and cindy laughed so hard over that and after 20 + years later it is still funny to us. Juanita i love and miss u even tho we were not close in our later years u still are close to my heart love u always i will see you again

My memory of Juanita is ALWAYS dropping Nathaniel off at his grandma Juanita's to visit her, and her smile light up because Nathaniel was coming to visit her. I'm glad you're NO LONGER in pain, but sad for your daughters, grandchildren and great grandchildren that no longer have you physically!!! My heartfelt condolences to all of you!!!! May you find peace and comfort, and KNOW she's ALWAYS watching over you all!!!
