“ *What am I going to do without you? You were my therapist, my confidant, my bestest friend for 53 years through good and bad, thick and thin we were there for each other. I only wish I was there to help you with this last back surgery. You don't know what you mean to me and AI. You have a beautiful soul and would take the shirt of your back and give to anyone that needed it. I love you Wu Wu. Til we meet again. We love you.*
