“ My cousin Kenneth is someone that played 42 games. Ate many of meals with him and my Aunt lou and played many of games. Aunt Lou cooked many of meals. While he at many meals. I thought it was different that he would eat his corn first and then peas and so on. Not mixing the food.

“ I am saddened by Kenny's passing. I hold happy memories from us as kids. One of many, family reunion at Aunt Lou & Uncle Morris. One of the cousins brought a motorcycle or dirt bike and being only a "little kid" I begged my Daddy to let me ride pah lease...so off we go Kenneth driving. I don't remember much except landing over the white picket fence into the duck pond. (3 ft deep) Kenny picks me up, delivered me to the bank and gives me the biggest hug. That's a life time memory for me. It speaks of the essence and legacy of him. Always fun loving, caring, protective of family. Traits I'm sure he passed on to his family and friends. Resting Peace dear cousin. You were loved.

“ Kenneth was my cousin I have memories of talking with him for hours at family reunions, listening to his stories about Vietnam, where he served his country in the army. We also got to go fishing several times around Phelps and caught lots of bass, catfish, and Crappie, and had good times. I regret that I cannot make his service because I have to travel out of town on business this weekend. He will be missed. Love, Mark Decker.
