Larry was a true friend,I guess I was the last person to take him hunting this past season.it wasn't much of a hunt since, his alternator went out on his old pickup, about 50 yds.forom where I was gonna park him so he could watch a hiline from his truck..I'll never forget that hunt....we didn't get a deer but we laughed so hard that weekend as I ever had before..I just googled his name and the first thing was his obituary. My worst fears had come true!im gonna miss my buddy. Rest In Peace ol friend.....🙏
