“ *Sister Lee Etta always had a ready smile and a word of welcome. She enjoyed being in church as long as she was physically able, and then came to services regularly when we met at the nursing facility. She was in services with us last Sunday at the Arbors, and in good spirits. Her name, and that of her husband, are prominently mentioned in the minutes and records of the church at Alto Missionary Baptist. We all loved her and will miss her, but we know she is now 'present with the Lord'.*
