“ My name is Passionate and I just wanted to let y'all know that I'm sorry for your life. She was so sweet and She always picked me up when I was down. She stayed to her self all the time such a sweet girl who did not deserve to pass but as long as she's in a better place it's ok with me. It just seems so unreal she will forever be remembered 🎀 love you Madelyn Moore #flyveryhighbabygirl

“ I'll never forget my sixteenth birthday. You heard from Deandre it was my birthday, so after school you ran up to me because you were trying to catch your bus while I was staying after. You opened up your back-pack while I was staring at you in wonder. You pulled out two boxes of sour patch kids, and a can of monster. You told me happy birthday, hugged me and ran off. I will always remember how everyday no matter what me, you, and Deandre waited after school to catch our buses. Even when I left you still texted me almost everyday. You made me feel better about myself, even though I've dropped out to work two jobs and pay bills, you told me I was going to be somebody, that I do have the ability to change the world. I love you so much and I don't know what to do without you.
