“ *Will never forget the first time I met Mike. I was just a city boy from California and had moved to Rusk with my 2 children. I had purchased a horse and was on a ride one night when we met. We probably rode for about 2 hours and did a lot of talking that night. We stayed friends until I left in 1987. He was kind and helpful and we became good friends over the years. Wish i could have gotten back to seen you but circumstances did not permit it. Have peace my friend.*
