“ I have very fond memories of Nelda. I felt like one of her daughters at times. She always had a way of making me feel welcome at her house. Goodness knows, me Johnita and Linda were not the most quiet children in the world.

we would get loud at times with the music, and she would knock on Johnita's door and say every so kindly-girl! could you get it down to a low roar! we knew that meant turn off the music and go to bed. Yep, we did. RIP sweet lady. Love you.

“ I have known Nelda since I was a small child. She and my mother have been friends for a very long time. She was always the most honest, loving and caring lady. Would always make me laugh. She loved her family so much and was always bragging on one of them at all times. She will truly be missed and always loved by those that knew her.
