“ *I worked with Ross at Dow Chemical (Solvents plant) in the mid sixties, so sorry to hear that he has passed away. Ross trained me when I first hired on and we became friends. We played golf together and we also were on the Solvents bowling team together. I remember him as being very friendly, intelligent, and competitive. I also remember when he left Dow to work as an Air Traffic Controller. Again, sorry to hear of his passing he was a good person!!*
