“ My memories start April 10 1965. I was introduced to Pat and Marlin by my first husband . He and Marlin were classmates . When we met there was an instant bonding . We spent the next 57 years enjoying the time we spent together . We took a trip to fanfair in 1991. Spent a week in Nashville , and attended a show at the Grand Ole Opry. We've been to Branson where we made every thrift store and junk shop on the way back. We've been to so many concerts together . If she wanted to go somewhere ,she'd call and say "I have tickets" to whatever if you want to drive. I was the driver, she was my navigator . She hated driving, I love to drive . We are total opposites , i have to put on my face and do my hair , while she brushes hair and teeth,and she's ready to go. But we always agreed on what was important to us. In 57 years, we never had an argument ,or angry words spoken . We both had our babies on jan.28,1968.. I was in houston,she was in Dallas . Mine was born first, by 8 hours. I will miss her until the day I join her in that Heavenly reunion. 💜💚🥺💔

“ I've know my sweet lady bug for over 30 years. Pat gave her life to Jesus at a ladies retreat and served him from then on. Pat loved helping people and she loved so deeply. She had a special story about her lady bugs at another retreat we presented her with a porch keeper with Ladin bugs. She will forever live in my heart. She loved her family with all her heart. Never doubt that. My precious friend I know you've been held in the arms of our Lord danced on those streets of gold. You received your Rob and crown which I'm so sure your crown was so full it was hard to hold on your head. I will forever love you my friend. Thankful for all you taught me. Rest in peace as you enjoy Heavenly life. I will see you again. Love Donna
